Why Build Corpora with Corpus Engines?

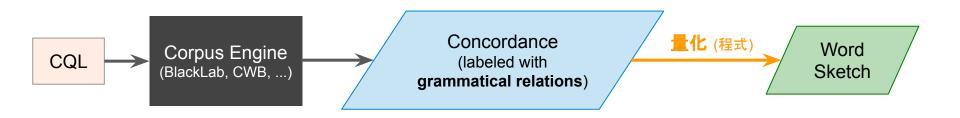

- Tools: <u>BlackLab</u>, <u>(No)Sketch Engine</u>, <u>CWB</u>
- 預建功能 (Concordance, Collocation, Word Frequency Lists, ...)
- 搜尋速度快(建立索引)
- Query Language (e.g., CQL)

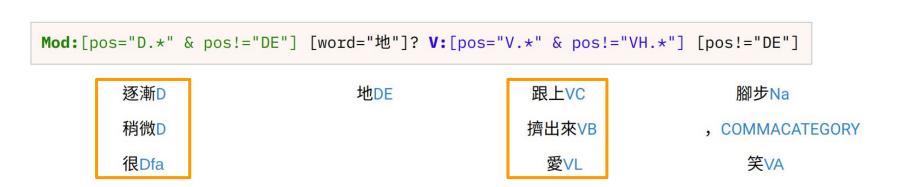

除了找 Concordance, CQL 還可以?

- 找出 concordance 後, (除了人工檢視外) 還能有許多應用...
